

## PRODUCT SUMMARY

Thieves Waterless Hand Purifier is a quick, convenient, purse-friendly fix for clean hands anywhere—from the classroom, to the airport, to the grocery store, and anywhere in between. Infused with Thieves and Peppermint essential oils, along with aloe, Thieves Waterless Hand Purifier cleanses, purifies, and soothes skin, leaving a pleasant, spicy-sweet scent.

## KEY INGREDIENTS

Thieves essential oil blend, Aloe vera, Vegetable glycerin

## EXPERIENCE

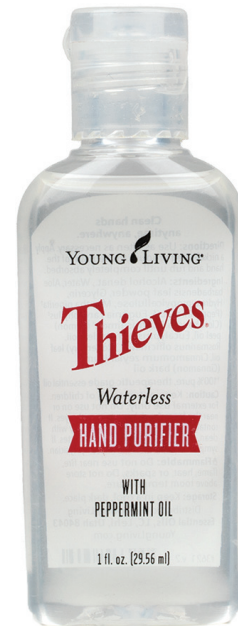

Thieves Waterless Hand Purifier rubs into hands easily with a non-sticky, smooth-feeling finish. Hands are left soft and not over-dried with the light scent of Thieves essential oil left behind.

## PRODUCT BACKGROUND

Proper hygiene can be difficult while on the go, especially when you don't have easy access to soap or a sink. We took the powerful benefits of Thieves essential oil blend and combined it with a unique blend of all-natural ingredients to create a safe and effective hand purifier the whole family can feel good about using.

The exclusive Thieves essential oil blend found in our Thieves Waterless Hand Purifier is inspired by the legend of four 15th-century French thieves who formulated and wore a special aromatic combination of clove, rosemary, and other botanicals that they believed provided protection while they were stealing. French authorities recognized that there was such value in this mixture that upon the thieves' capture, they received a more merciful punishment on condition that they divulge the ingredients in their secret formula.

Crafted in the spirit of that legendary combination, Young Living's one-of-a-kind Thieves blend can be found in all of our Thieves products. Featuring the powerful essential oils Lemon, Clove, Cinnamon Bark, Eucalyptus Radiata, and Rosemary, Thieves imparts a spicy, welcoming aroma everywhere it's used.

## BENEFITS AND FEATURES

- Purifies and cleans hands with powerful essential oils and plant-based ingredients
- Lightly moisturizes with aloe vera and vegetable glycerin
- Doesn't over-dry skin
- Long-lasting
- Vegan friendly
- Multiple sizes available

- Thieves Waterless Hand Purifier 1 oz. 3 pk. (Item No. 3622)
- Thieves Waterless Hand Purifier 7.6 oz. (Item No. 5142)

## FREQUENTLY ASKED QUESTIONS

### Q. Why is alcohol used as an ingredient in Thieves Waterless Hand Purifier?

A. There are several reasons why alcohol is included in our Thieves Waterless Hand Purifier. Thieves essential oil straight on the skin can be irritating to the skin, so the alcohol helps dilute the topical application of the essential oil. The alcohol helps blend the ingredients together in the formula so they distribute evenly on the skin. Alcohol also helps kill germs on the skin and helps preserve the formula.

The alcohol in Thieves Waterless Hand Purifier is denatured by

treating it with Peppermint essential oil to prevent people from consuming it orally. Topical use of alcohol treated with essential oils is non-toxic. Most companies denature alcohol with chemical additives, but we use essential oils to create a better alternative to other products available on the market.

### Q. Can the Lemon essential oil in Thieves Waterless Hand Purifier cause photosensitivity?

A. The amount of Lemon essential oil in our Thieves products, including Thieves Waterless Hand Purifier, is not enough to cause a photosensitive reaction in most individuals.
