

## PRODUCT SUMMARY

Thieves Automatic Dishwasher Powder is made with a proprietary blend of cleaning agents and enzymes. Together, they combine the essential oil purity of Thieves, Orange, and Lemongrass with the powerful cleaning properties of natural soap-producing botanicals. Our trusted plant-based formula is strong enough to allow dishes to come out clean and free from food particles or a chemical taste!

## KEY INGREDIENTS

- Natural enzymes (protease, amylase)
- Citric acid
- Soapberry fruit extract
- Thieves essential oil blend

## EXPERIENCE

Thieves Automatic Dishwasher Powder tackles even the dirtiest dishes with ease, leaving your dishes fresh and clean without any harsh chemicals

## PRODUCT BACKGROUND

Instead of cleaning dishes with pollutants such as phosphates or harsh, synthetic chemicals, Thieves Automatic Dishwasher Powder combines the power of natural enzymes, essential oils, and saponins derived from soapberries for a superior cleaning system. Soapberries—also called soap nuts—are wild-harvested botanicals that contain saponins. These plant-based cleaning agents help remove grime, grease, and food particles from dishes. As saponins naturally produce a soap containing fewer suds, soapberries are an ideal match for automatic dishwashers!

## BENEFITS & FEATURES

- Removes dried-on food, grease, oil, and other contaminants
- Deodorizes and neutralizes odors
- Leaves dishes sparkling clean
- Infused with essential oils for extra effectiveness and a great, fresh scent
- Formulated with naturally derived plant- and mineral-based ingredients for a sustainable formula
- Contains no dyes, phosphates, artificial fragrances, or synthetic surfactants

# THIEVES® AUTOMATIC DISHWASHER POWDER

## DIRECTIONS

Place 1 scoop of Thieves Automatic Dishwasher Powder in the dishwasher dispenser. Use 2 scoops for heavy loads or with hard water. For an extra boost, add a small amount of citric acid

## CAUTIONS

Keep out of reach of children. In case of eye contact, immediately flush thoroughly with water. If swallowed or inhaled, drink plenty of water to dilute and seek medical help. Flush immediately if product comes in contact with skin.

## INGREDIENTS

Sodium carbonate, Sodium citrate dihydrate, Sodium percarbonate, Sodium silicate, *Sapindus mukorossi* (Soapberry) fruit extract, Tapioca maltodextrin, Silica, Protease, *Helianthus annuus* (Sunflower) oil, Amylase, *Citrus aurantium dulcis*<sup>†</sup> (Orange) peel oil, *Cymbopogon flexuosus*<sup>†</sup> (Lemongrass) oil, *Eugenia caryophyllus*<sup>†</sup> (Clove) bud oil, *Citrus limon*<sup>†</sup> (Lemon) peel oil, *Cinnamomum zeylanicum*<sup>†</sup> (Cinnamon) bark oil, *Rosmarinus officinalis*<sup>†</sup> (Rosemary) leaf oil *Eucalyptus radiata*<sup>†</sup> leaf oil

† 100% pure, therapeutic-grade essential oil

## FREQUENTLY ASKED QUESTIONS

**Q. Which enzymes are included in Thieves Automatic Dishwasher Powder, and how are they effective?**

A. Thieves Automatic Dishwasher Powder contains two natural, active enzymes. Protease enzymes help remove proteins, while amylase enzymes assist in removing fats such as grease and oil that tend to cling to dishes.

**Q. Does Thieves Automatic Dishwasher Powder smell like Thieves essential oil blend?**

A. Thieves Automatic Dishwasher Powder has a fresh citrus scent due to the addition of Orange and Lemongrass essential oils.

**Q. Does Thieves Automatic Dishwasher Powder have a rinse-aid ingredient, or should I add a separate rinse aid to my washer?**

A. Thieves Automatic Dishwasher Powder contains sodium citrate to help prevent spots from appearing on glass. However, we recommend a citric acid-based rinse aid for enhanced spot protection if you have hard water.
