THIEVES® WHITENING TOOTHPASTE

DIRECTIONS

After each meal, apply toothpaste to a soft-bristled toothbrush, brush teeth with gentle circular strokes for at least 2 minutes, and rinse thoroughly or as directed by a dentist or doctor. Do not swallow. For children under 2, consult a dentist or doctor before use.

CAUTIONS

Keep out of reach of children. For external use only. Avoid contact with eyes. Thieves Whitening Toothpaste contains xylitol for effectively reducing the risk of tooth decay. While xylitol is nontoxic to humans, it can cause adverse reactions in our furry family members and should not be used to clean pets' teeth.

FREQUENTLY ASKED QUESTIONS

Q. Is Thieves Whitening Toothpaste harsh on enamel?

A. Thieves Whitening Toothpaste gently removes stains without damaging tooth enamel with a combination of effective and gentle ingredients one of which is calcium hydroxyapatite. This ingredient closely mimics the tooth's enamel, making it ideal for maximum cleaning and stain removal with minimal abrasion.

Q. Can I use Thieves Whitening Toothpaste on my pets?

A. Thieves Whitening Toothpaste contains xylitol for effectively reducing the risk of tooth decay. While xylitol is nontoxic to humans, it can cause adverse reactions in our furry family members and should not be used to clean pets' teeth.

Q. Does Thieves Whitening Toothpaste produce a foaming action, unlike some other natural toothpastes?

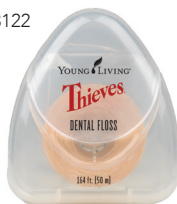

A. Young Living developed Thieves Whitening Toothpaste with our members in mind and added a naturally derived foaming agent that leaves your teeth feeling clean and fresh.
