

# How to qualify for GIFT WITH PURCHASE

## What is March gift with purchase?

It's easy: You purchase products and we send you free ones! Basically, we love to reward our loyal shoppers with new products and gift with purchase exclusives. Each month you'll have new picks for every tier. What's a tier? Basically, the more product you order, the more free product we'll send you.

## Earn points on products

Not only will we send you free goodies, but if you place a 50 PV+ order each month with our Subscribe to Save program, you'll also earn loyalty points on each purchase, which you can redeem for future products. Head to [YoungLiving.com](http://YoungLiving.com) to learn more about how to earn loyalty points.

## Order at least 100 PV

Place an order of at least 100 PV and we'll ship your products for free. Every time you increase your PV (up to 300 PV) and qualify for a new tier, we'll send you free products. Plus, U.S. brand partners and customers who spend at least 100 PV in March can also qualify for two unique 10 percent off enrollment coupons—one from a 100 PV+ Shop order and one from a 100 PV+ subscription order—both to share with a friend to help them save on their first order!

## Want even more gifts?

Subscribers receive a free loyalty gift as a thank you each time they reach a benchmark anniversary of enrollment at 3 months, 6 months, 9 months, and 12 months. Get more information about our Loyalty Rewards program at [YoungLiving.com](http://YoungLiving.com).
