

How to qualify for GIFT WITH PURCHASE

What is November's gift with purchase?

It's easy: You purchase products and we send you free ones! Basically, we love to reward our loyal shoppers with new products and gift with purchase exclusives. Each month you'll have new picks for every tier. What's a tier? Basically, the more PV you order, the more free products we'll send you.

Order at least 100 PV

Place an order of at least 100 PV and we'll ship your products for free. Every time you increase your PV (up to 300 PV) and qualify for a new tier, we'll send you free products.

Earn points on products

Not only will we send you free goodies, but if you place a 50 PV+ order each month with our Subscribe to Save program, you'll also earn loyalty points on each purchase, which you can redeem for future products. Head to YoungLiving.com to learn more about how to earn loyalty points.

Want even more gifts?

Subscribers receive a free loyalty gift as a thank you each time they reach a benchmark anniversary of enrollment at 3 months, 6 months, 9 months, and 12 months. Get more information about the Loyalty Rewards program at YoungLiving.com.
