WHY WE *love* IT

Since the time D. Gary Young created Valor, the blend has been a favorite of Young Living members and Gary alike. This woody, complex essential oil—made of Black Spruce, Camphor Wood, Geranium, Blue Tansy, and Frankincense essential oils—and its aromatic properties inspire an uplifted and adventurous approach to life. The grounding aroma of Black Spruce combined with the inspiring scent of Blue Tansy and Frankincense can help create an experience that empowers you to seize the moment before it slips away. Because of these powerful aromatic qualities, Valor is commonly used for topical application, whether it be as a bold personal scent or in an invigorating massage.
