## EXPERIENCE

Add a touch of warmth, peace, and comfort to any space by diffusing White Angelica's sweet, floral, earthy aroma.

## PRODUCT BACKGROUND

Each essential oil in White Angelica was carefully selected to help promote a positive, peaceful atmosphere when diffused. Ylang Ylang has a luxurious, velvety scent and is often used as a key note in perfumes. Bergamot is cold-pressed from the resin of the bergamot fruit and adds a fresh, bright aroma. Although Melissa comes from the leaves of the melissa herb, it also has notes of citrus and is treasured for its gentle, comforting aroma. Geranium has been used for centuries for its lovely, soft fragrance and skin-benefiting properties. The classic scent of Rose gives the blend a touch of sweet nostalgia and offers skin benefits. Myrrh, Hyssop, Black Spruce, and Sacred Sandalwood balance the sweet and fresh aroma of the floral and citrus oils with a deep, rich, earthy scent.
