

Product Summary

Young Living's lip balms offer a way to indulge your lips and senses. Vitamin E, jojoba oil, and wolfberry seed oil help keep lips moist and hydrated, while the exclusive blend of essential oils offers unique benefits found in Grapefruit, Lavender, and Cinnamint.

Primary Benefits

- Keeps lips soft and supple.
- Soothes and moisturizes dry lips.
- Four essential oil flavors that appeal to everyone's tastes.
- Formulated with plant-based ingredients.

Who Should Use Young Living Lip Balms?

Individuals who are looking to keep their lips moist with a variety of essential oil flavors

Suggested Use

Apply to lips as needed.

Cautions

- Keep out of reach of children.
- For external use only.

Complementary Products

- L Brianté Red/Ammoressence Scent
- L Brianté Neutral/Winter Scent
- L Brianté Pink/Summer Scent

Did You Know?

- Since lips do not have oil glands, they dry out easily. Extra lip balm is needed during seasonal changes and exposure to extreme weather.
- Liberally applying lip balm and then massaging into lips with fingertips will help distribute the lip balm into the deeper, hard-to-reach crevices.
- Many lip balms contain synthetic ingredients, such as petroleum, that have negative side effects when swallowed.
