

Essential Oils for a FANTASTIC FATHER

YOUNG LIVING[®]
ESSENTIAL OILS

Instead of adding another tie to his collection, give the man in your life a wonderfully unexpected, essential oil gift! Here are six suggestions for every personality:

THE WEEKEND WARRIOR: *Whether rounding home during a softball tournament, playing the back nine, or working hard in the yard, active fathers can apply PanAway[®] topically for refreshed-feeling skin after a full day of being a hero on the field and in the home.*

THE JETSETTER: *For the father on the go, the unique scent of essential oils in Stress Away[™] Roll-On provide an aromatic reminder to let go of daily pressures and remember the family that loves and appreciates him.*

THE SCHOLAR: *Whether helping with homework or balancing the budget, fathers are amazing sources of knowledge. The focusing and stimulating aroma of Brain Power[™] is perfect for discerning dads.*

THE PAMPERED PAPA: *Add Cedarwood and Vetiver to Young Living's Bath & Shower Gel Base for a custom body wash with a masculine scent. The woody scent promotes a calming and relaxing aromatic experience before (or after) a hard day's work.*

THE MOUNTAIN MAN: *Dad can diffuse the refreshing scent of Idaho Blue Spruce or Idaho Balsam Fir in his project area for manly aroma that's as invigorating as a breeze of brisk mountain air.*

DIY BONUS: *Make your own beard oil for dad by cleaning out an empty 15-ml bottle, filling it three-quarters full with olive oil or V-6[™] Vegetable Oil Complex, and adding 7 drops each of Tea Tree and Eucalyptus Radiata. Replace the old label with a personalized design for a gift that provides a softer-feeling beard and smells great, too.*
