

# Geranium Bourbon

## Essential Oil

Product size: 5ml Item No. 37740

Geranium Bourbon essential oil has a lush, floral aroma that promotes shiny hair and a natural glow to the skin and makes a great addition to any do-it-yourself perfume or bath and body recipes. Located in the Southern Indian Ocean off the coast of Madagascar, Réunion Island has been recognized by the world's perfume houses as the source of the finest Geranium essential oil for more than a century. Known as Geranium Bourbon—a nod to the island's former name, île Bourbon—this variety of Geranium essential oil has a distinctly complex, fresh, green floral aroma with delicate rosy undertones. Up to 900 pounds of geranium bourbon flowers, leaves, and stems are distilled to produce 1 liter of essential oil. Geranium Bourbon essential oil can be enjoyed as a personal fragrance, home aroma, or topically as part of your skin care routine.

### DIRECTIONS

#### Topical

Apply 2–4 drops directly to desired area. Dilution not required, except for the most sensitive skin.

#### Aromatic
