

Highest potential

Essential Oil Blend

Product size: 5ml Item No. 337338

Highest Potential essential oil blend is designed to empower an aromatic experience to increase your capacity to achieve your highest potential. It combines the uplifting and inspirational qualities of 23 essential oils to bring greater unity of purpose. Feelings of confidence and emotional well-being are the benefits of this blend.

Highest Potential was one of Young Living Founder D. Gary Young's favorite blends that he applied daily. We call this a momentum blend for creativity and confidence.
