Mister essential oil blend is formulated for men and women alike to support overall well-being. These essential oils make up this blend:

Fennel essential oil is comforting and balancing with its sweet, herbaceous, licorice-like aroma when applied topically.

Lavender essential oil is the most universal oil and has a tranquil aroma that is soothing to the senses, as well as to the skin when applied topically. Taken internally, it contains antioxidants, may provide immune support, and can be used to add a floral flavor to your evening tea.*

Myrtle essential oil has an invigorating aroma with properties that can help beautify and enhance the appearance of healthy-looking skin.

Sage essential oil was used traditionally in clearing rituals of negative energies and can be used aromatically in this way.
