

PRODUCT SUMMARY

Thieves[®] Dental Floss is made with strong fibers that resist fraying and glide easily between teeth to clean hard-to-reach places. Saturated twice in pure essential oils, this hard-working floss gives your grin double the freshness.

KEY INGREDIENTS

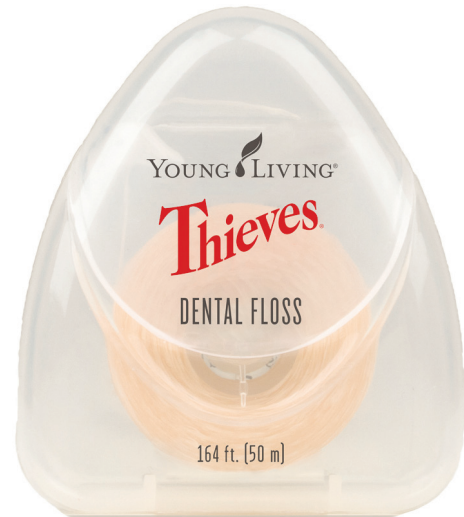

Thieves essential oil blend, Peppermint essential oil

EXPERIENCE

Pure essential oils give Thieves Dental Floss a fresh, spicy mint taste. Made with strong, fray-resistant fibers, it easily glides between teeth without breaking.

PRODUCT BACKGROUND

Young Living is committed to providing the best natural dental care products possible for you and your family, without the harsh, potentially harmful ingredients found in so many mainstream products. Thieves Dental Floss complements our Thieves toothpastes and mouthwash for a complete daily oral care regimen you can feel good about your family using. It includes the cleansing benefits of our exclusive Thieves essential oil blend for a freshness you can taste and feel!
