

PRODUCT SUMMARY

Kick 99.99 percent of germs to the curb!

Get clean hands anytime, anywhere with Thieves Waterless Hand Sanitizer. Small enough to fit in your purse or travel bag but big enough to share, this germ-fighting solution is great for the whole family. Infused with soothing aloe and the cleansing properties of Thieves blend and Peppermint essential oil, Thieves Waterless Hand Sanitizer effectively eliminates common, harmful germs and bacteria. As a bonus, this lightweight formula leaves hands soft and smells divine.

KEY INGREDIENTS

Thieves[®] essential oil blend

Aloe vera

Alcohol denat.

EXPERIENCE

Thieves Waterless Hand Sanitizer absorbs easily with a non-sticky, smooth-feeling finish. Apply regularly for clean, soft hands, and enjoy the light spicy-sweet aroma.

PRODUCT BACKGROUND

When you're on the go, germs are everywhere—from shopping carts to door handles. We know it can be difficult to keep hands clean when you're out and about; that's why we formulated a convenient solution that kills 99.99 percent of common illness-causing germs, leaving hands soft, clean, and sanitized. We took the powerful benefits of the legendary Thieves essential oil blend and combined it with a unique combination of all-natural ingredients to create a mild yet strong hand sanitizer that the whole family can feel good about using.

BENEFITS & FEATURES

- Kills 99.99 percent of germs
- Formulated with powerful essential oils and plant-based ingredients
- Comes in a larger size that is convenient for offices, bathrooms, and kitchens
- Lightly moisturizes with aloe vera and vegetable glycerin for baby-soft skin
- Has a long-lasting formula when stored properly
- Leaves no chemical residue behind
- Contains no petrochemicals, mineral oil, parabens, sulfates, phthalates, synthetic fragrances, dyes, preservatives, or toxic ingredients

THIEVES® WATERLESS HAND PURIFIER

†100% pure essential oil

FREQUENTLY ASKED QUESTIONS

Q. Can the Lemon essential oil in Thieves Waterless Hand Sanitizer cause photosensitivity?

A. The amount of Lemon essential oil in our Thieves products, including Thieves Waterless Hand Sanitizer, is not enough to cause a photosensitive reaction in most individuals.

Q. Why is alcohol used as an ingredient in Thieves Waterless Hand Sanitizer?

A. Alcohol helps kill germs on the skin and preserves the formula. We have denatured the alcohol in Thieves Waterless Hand Sanitizer by treating it with Peppermint essential oil to prevent people from consuming it orally. Topical use of alcohol treated with essential oils is non-toxic. Most companies denature alcohol with chemical additives, but we use essential oils to create a better alternative to other products available on the market.
